FBCAS Monthly Shelter Statistics Report – December 2018

From December 1, 2018 to December 31, 2018, the overall save rate for FBCAS was 95%. The save rate for dogs was 95% and for cats it was also 95%. *

95 feral/community cats were returned to field as part of our Community Cat Pilot Program for December 2018.

Last month 4 feral/community cats were euthanized as per current policies and procedures and were not part of our Community Cat Pilot Program.

The save rate does not include 4 dogs that were owner requested euthanasia for the month of December.

Beginning and ending shelter totals have an acceptable variance of .5% due to database variances in intake and outcome dispositions of the shelter population.

Our dedicated staff would like to thank all of our adopters, rescue partners, fosters, volunteers and community members who played a part in every life saved at FBCAS this month.

*Formula used: $\text{Intake} - \text{all euthanasia outcomes} \div \text{Intake} - \text{owner requested euthanasia}$
