FBCAS Monthly Shelter Statistics Report – November 2022

From November 1, 2022 through November 30, 2022, the overall save rate for FBCAS was 97%. The save rate for dogs was 98% and for cats it was 97%.*

FBCAS has maintained a 90% or more save rate for the pets in our care since August 2018.

- 59 feral/community cats were returned to field as part of our Community Cat Program.
- 11 dogs were returned to their owners through our Return to Owner/Return in Field programs.

Dogs:

- One newborn puppy died in foster – failure to thrive
- One dog was picked up already deceased in the field
- One dog died from post-surgical complications
- One dog died in kennel from unknown causes shortly after arrival
- Two dogs were humanely euthanized for head-to-lab bite investigations, one at the owner's request
- One dog was humanely euthanized due to aggression towards staff and public.
- One dog was humanely euthanized for severe aggression at the request of its owner
- One dog was humanely euthanized by court order

Cats:

- One kitten died in shelter – failure to thrive
- One senior cat died in fospice
- Two neonatal kittens died in foster – failure to thrive
- Two cats were humanely euthanized due to severe injuries suffered in the field
- One kitten was humanely euthanized due to severe injuries suffered in the field

* Beginning and ending shelter totals have an acceptable variance of .5% due to database variances in intake and outcome dispositions of the shelter population.

Our dedicated staff would like to thank all of our adopters, rescue partners, fosters, volunteers and community members who played a part in every life saved at FBCAS this month.

*Best Friends Community Dashboard formula: [(Live Intakes, including Owner Requested Euthanasia)-(Died in Care)-(Lost in Care)-(Shelter Euthanasia)-(Owner Requested Euthanasia)] divided by Live Intakes
